Interface®

Level Set™ Collection | Natural Woodgrains

With thoughtful consideration for design, performance and a sustainable path, we've crafted a foundational collection of luxury vinyl tiles that fit perfectly into the Interface flooring systems.

Level Set Natural Woodgrains is a selection of 25cm x 1m Skinny Planks™ in classic wood looks and a smooth finish. Natural Woodgrains is offered in a range of earthy neutrals from light to dark.

It's not only a perfect match to our Skinny Planks and square carpet tiles, it is also a perfect fit in terms of thickness. This means you can easily install our resilient and soft flooring to create an integrated floor or inset rug, and move effortlessly from surface to surface without transition strips.

We design all our products with the ability to feed ReEntry®, our reclamation program. And, of course, like all of our products made around the world, the Level Set Collection is carbon neutral—just some of the many steps we take toward creating a climate fit for life. Join the **#ClimateTakeBack** movement.

Integrated System.

Say goodbye to transition strips and doubling up. Our modular resilient floorings are made to work as a system with our modular carpet. The compatible size and height of our products allows you to integrate modular carpet for an inset rug or an adjacent field – no transition strip required. You'll avoid doubling up on materials and save money.

Real Flexibility.

Create a unique look that lasts. Interface modular resilient LVT makes it easy to extend the life of your floor. From simple maintenance like damp mopping to selectively replacing damaged tiles, your flooring investment will stand the test of time - beautifully and effortlessly.

Circular System.

Keep flooring out of the landfill. Our modular resilient LVT is produced with a controlled material stream so it can be reclaimed and recycled into our GlasBac®RE recycled content backing through our ReEntry® program.

Noise Reduction.

Silence distractions. Interface is helping create +Positive spaces™ with our LVT with Sound Choice backing. Sound Choice is a specially formulated backing developed for superior noise reduction, offering you best-in-class performance for reduced impact sound and floor to floor sound transmission.

Interface Modular Resilient LVT and Modular Carpet allow you to seamlessly move from hard to soft surfaces. No transition strip needed.

High Performance from Top to Bottom.

1. *Ceramor™ Coating.* Minimizes everyday scratching and scuffing.
2. *Wear Layer.* High quality layer enabling 15 years of resilience and performance.
3. *Print Film.* Provides outstanding visuals of natural materials and Interface innovative designs.
4. *Core Sheet.* Creates a thickness for a stronger core and reduces telegraphing from beneath.
5. *Fiberglass.* Adds dimensional stability and controlled flexibility.
6. *Core Sheet.* Creates a thickness for a stronger core and reduces telegraphing from beneath.
7. *Sound Choice™.* Provides comfort and superior acoustic performance.

Third Party Certification.

Carbon Neutral Floors. All Interface flooring sold globally is third party verified carbon neutral. We've taken a holistic approach to achieve carbon neutrality, first through reducing the carbon footprint of our products and then using carbon offsets for the remainder.

Environmental Product Declaration (EPD). Interface LVT products are covered by an EPD. An EPD provides a comprehensive statement of product ingredients and environmental impacts based upon life cycle assessment performed to ISO standards.

Sustainable Assessment. Interface LVT meets the certification standards of the NSF/ANSI 332 Sustainability Assessment for Resilient Floor Coverings. This standard evaluates the environmental impact of resilient floor covering for its entire lifecycle.

Indoor Air Quality. All Interface modular flooring products meet the highest standards for indoor air quality. Interface LVT is FloorScore® Certified, assuring very low emissions of VOCs.
