

With thoughtful consideration for design, performance and a sustainable path, we've crafted a foundational collection of luxury vinyl tiles that fit perfectly into the Interface flooring systems.

Level Set Natural & Textured Stones is a selection of 50cm x 50cm squares in classic stone looks with patterns inspired by distressed, reclaimed and exposed materials. They're a perfect match for our Skinny Planks and square carpet tiles, it is also a perfect fit in terms of thickness. This means you can easily install our resilient and soft flooring to create an integrated floor or inset rug, and move effortlessly from surface to surface without transition strips.

We design all our products with the ability to feed ReEntry®, our reclamation program. And, of course, like all of our products made around the world, the Level Set Collection is carbon neutral--just some of the many steps we take toward creating a climate fit for life. Join the #ClimateTakeBack movement.

Specifications

A001 (Natural Stones) Product Number Product Number A003 (Textured Stones) Product Construction High Performance Luxury Vinyl Tile

Class III Printed Vinyl Tile Class / ASTM F1700

Wear Layer Thickness 22 mil Total Thickness 4.5 mm

Commercial Grade Backing Class Ceramor™ Coating Finish

50cm x 50cm (19.69 in x 19.69 in) Nominal Dimensions

Performance

IIC Sound Rating (ASTM E492-09) 57 IIC

(ASTM D2047) >0.55 wet/dry, ADA Compliant Slip Resistance

Static Load Limit (ASTM F970) 1500 psi Flexibility (ASTM F137) Passes (ASTM F1514) Passes Resistance to Heat Resistance to Light (ASTM F1515) Passes Radiant Flux (ASTM E648) Class I Smoke Density (ASTM E662) Passes, ≤450

Size & Squareness (ASTM F2055) Passes, +/- 0.016 in. per linear foot

Thickness (ASTM F386) Passes Dimensional Stability (ASTM F2199) Passes Residual Indentation (ASTM F1914) Passes (ASTM F925) Passes Resistance to Chemicals

All product specifications reflect averages derived from product sample testing, are subject to normal manufacturing and testing tolerances and inherent pattern variances, and may be changed without notice. For more information about these and other important attributes of the product(s) described herein, including recycled content and product warranty information, please see our full LVT product disclaimer @ interface.com.

Textured Stones Colorline

Interface Modular Resilient LVT and Modular Carpet allow you to seamlessly move from hard to soft surfaces. No transition strip needed. **LVT PRODUCT** TEXTURED STONES **COLOR** A00310 DARK CONCRETE **CARPET PRODUCT** PLAIN STITCH™ **COLOR** 105918 GRAPHITE PLAIN

Integrated System.

Say goodbye to transition strips and doubling up. Our modular resilient floorings are made to work as a system with our modular carpet. The compatible size and height of our products allows you to integrate modular carpet for an inset rug or an adjacent field – no transition strip required. You'll avoid doubling up on materials and save money.

Real Flexibility.

Create a unique look that lasts. Interface modular resilient LVT makes it easy to extend the life of your floor. From simple maintenance like damp mopping to selectively replacing damaged tiles, your flooring investment will stand the test of time - beautifully and effortlessly.

Circular System.

Keep flooring out of the landfill. Our modular resilient LVT is produced with a controlled material stream so it can be reclaimed and recycled into our GlasBac®RE recycled content backing through our ReEntry® program.

Noise Reduction.

Silence distractions. Interface is helping create +Positive spaces™ with our LVT with Sound Choice backing. Sound Choice is a specially formulated backing developed for superior noise reduction, offering you best-in-class performance for reduced impact sound and floor to floor sound transmission.

High Performance from Top to Bottom.

- 1. Ceramor™ Coating. Minimizes everyday scratching and scuffing.
- 2. Wear Layer. High quality layer enabling 15 years of resilience and performance.
- **3.** *Print Film.* Provides outstanding visuals of natural materials and Interface innovative designs.
- **4.** Core Sheet. Creates a thickness for a stronger core and reduces telegraphing from beneath.
- 5. Fiberglass. Adds dimensional stability and controlled flexibility.
- **6.** Core Sheet. Creates a thickness for a stronger core and reduces telegraphing from beneath.
- **7.** Sound Choice[™]. Provides comfort and superior acoustic performance.

Third Party Certification.

Carbon Neutral Floors. All Interface flooring sold globally is third party verified carbon neutral. We've taken a holistic approach to achieve carbon neutrality, first through reducing the carbon footprint of our products and then using carbon offsets for the remainder.

Environmental Product Declaration (EPD). Interface LVT products are covered by an EPD. An EPD provides a comprehensive statement of product ingredients and environmental impacts based upon life cycle assessment performed to ISO standards.

Sustainable Assessment. Interface LVT meets the certification standards of the NSF/ANSI 332 Sustainability Assessment for Resilient Floor Coverings. This standard evaluates the environmental impact of resilient floor covering for its entire lifecycle.

Indoor Air Quality. All Interface modular flooring products meet the highest standards for indoor air quality. Interface LVT is FloorScore® Certified, assuring very low emissions of VOCs.

Printed on 50% post consumer waste (PCW) fiber manufactured using wind power.

We have tried our very best to accurately represent product colors. However, due to the nature of printed materials, color of actual products may vary slightly. Please request a sample to see actual product color.
