

Cubb

An extensive range of contemporary chairs & stools

orangebox

Product Description

Cubb is a succinct range of chairs, stools and tables: a new synthesis of design, function, materials, attitude, manufacturing intelligence and sustainability. Cubb results from our belief that great design comes from making the complex simple, with spontaneity emerging from rigour and precision.

Cubb's singularity of form creates an elemental chair with a clear personality, delivering robust functionality for any environment. Its innovative contemporary aesthetic extends over seven design typologies, making it suitable for specification through multiple applications in both hospitality and office environments.

The combination of Cubb's sleek profile and contemporary efficiency offers a rich palette of functions, materials, finishes, bases and upholstery style, giving designers and specifiers a wide range of options to match client needs and project aesthetics.

Product Certification

Intertek Sustainability Clean Air Product Certification

Clean Air certification provides proof that products have been independently tested and found to conform to VOC standards and to the ANSI/ BIFMA Furniture Emissions Standards. All Orangebox products* have achieved Gold certification, excluding laminate products which achieve a Silver certification.

*With the exception of Fielding Tables.

Fabric Selection

Two Tone Upholstery

When selecting this option the inner and outer can be from a different fabric range. The inner seat and the inner back must be from the same fabric range as they are sewn together.
