

Product sheet

Baltic 2 Classic

chair 4-legged base

Technical Data

- Seat upholstered + cushion – moulded foam, density of 79 kg/m³, upholstered;
- Base BLK4P1: 4-legged, metal, powder coated, legs made of tube Ø18 mm, polypropylene feet;
- Base BLK4P14: 4 wooden legs, Ø35 mm, beechwood coated with transparent varnish

Selected configuration

BLK4P1

Frame: Beige semi-matte RAL
608005

Fabric: Mica – 100% polyester

Fabric: MC-2496-62093 Light olive

Footers: Grey

Weight: 6kg

Guarantee

.mdd products – 5 years.

Electrical components and fabric – 2 years.

Certificates

Sustainability

- Elements that do not need our standards are processed into re-granulate and reused for the production of polypropylene seats.
- Upholstered Baltic Soft Duo and Classic chairs are made using seats created during the change of granulate colours in the injection moulding machine.
- Basic, Remix and Classic versions are made without upholstery staples. Fewer elements mean it is easier to reassemble and recycle the chair.
- The cushion in Baltic Remix and Classic is fixed mechanically, with no need to glue it. As the foam is not glued, it is easy to separate it from the polypropylene inlay. That simplifies the recycling process.
- Sustainable production – we are not indifferent to the environmental impact of our furniture, therefore we provide the essential information on the life cycle of our products through the Environmental Product Declarations (EPD).

Fabric technical data

Mica

Material	post-consumer recycled polyester 97%, polyester 3%
Weight	305g/m2
Abrasion resistance rub	60,000 cycles Martindale, EN ISO 12947-2
Colour fastness to light	scale 1-8, max. 8 - EN ISO 105-B02, 5-8
Pilling resistance	scale 1-5, max. 5 - EN ISO 12945-2 EN ISO 12945-2, 4-5
Colour fastness to rubbing	dry: 4-5, wet: 4-5, scale 1-5, max. 5 - EN ISO 105x12
Flammability	CA TB 117-2013 ASTM E 84 class I BS EN 1021-1 cigarette BS EN 1021-2 Match BS 476 part 7 class I
