## John Pawson

John Pawson was born in 1949 in Halifax, Yorkshire. After a period in the family textile business he lived for a number of years in Japan, moving to Tokyo towards the end of his stay, where he visited the studio of Japanese architect and designer Shiro Kuramata. Following his return to England, he enrolled at the Architecture Association in London, leaving to establish his own practice in 1981.

# Enjoy the simplicity

2014 — The Trestle bench represents a true ode to collaboration, familiarity and shared spaces. Perfect to be placed next to the table of the same collection, or separately for transit spaces, this piece breathes the same essence that we find in all the elements designed by Pawson. Once again we enjoy an exercise in maximum functionality and minimum prominence. Trestle was born for sociable spirits, for collective spaces.
